Sassafras Tree in Perry County Finally Yields to Elements

NEW LEXINGTON April 5—Blown down in yesterday's rain and wind storm, Perry county's famous sassafras tree which for more than 200 years had [illegible] to the wrath of the elements and was recognized as the largest in existence, was a sight for the curious today. The tree which is prominently mentioned in Ohio history had a girth of 11 feet. A small part of its root was supposed to make a gallon of tea.

FIRST STREET CONTRACTS LET

Board of Control Makes Tentative Awards for Improvements

First contracts in Marion's street improvement program for this year were tentatively awarded by the city Board of Control last night for the construction of three street pavings. Of these three jobs the West Center st improvement which will be of brick is probably the most important. The tentative awards will probably be made official within the next 10 days by the board.

Two sewer construction jobs were also tentatively let.

P. Drake & Sons local contractor will probably do the work of paving construction on West Center st from Oak st to Main st on a bid of $40,[illegible]5141. The bid approved by the board of control calls for brick construction with a curb of stone.

Brick block construction was approved for Homer st on a bid placed by P. Drake & Sons. This bid also calls for a stone curb with the rest of the street and curb totalling $7,[illegible]79.92.

The Pennsylvania av paving contract was tentatively let to P. Drake & Sons to be of brick block construction with concrete curb and gutter. The bid on this job was $5,921.92.

Uncapher & Gillespie of Marion were tentatively awarded the construction of a sewer in West Center st at a bid of $9,096.41.

The board awarded contract for the Elm Heights sewer to the Kohlbarger Construction Co. of Marion on a bid of $1,12[illegible].11.

City council will act on legislation for raising funds on notes for the construction jobs at the next meeting. The financing must be arranged before the city Board of Control can officially award the contracts. This procedure is expected to be completed within 10 days.

The Board of Control is made up of Mayor Emery Murphy, D. A. Benedict director of public service, W. B. Stryker director of public safety.

JUNIOR C. OF C. DISAPPROVES CITY PROGRAM

Expresses Disappointment Over Failure To Develop Airport

DISCUSSED AT MEETING

Preliminary Plans for Municipal Playground Reported by Committee

Disapproval of city council's failure to proceed with improvement and development of the municipal airport was expressed last night at a meeting of the Junior Chamber of Commerce, the organization which sponsored the original movement to establish a landing field here.

The Junior Chamber, an officer of the organization said following the meeting, is disappointed over council's attitude.

Report that the park committee of the Junior Chamber is working on plans for a municipal playground was received last night. The committee expects to meet next week to consider definite action on the project.

Receive Certificate

Formal recognition of the local organization's activity in aviation development here was received from the Guggenheim Fund for Promotion of Aeronautics in the form of a certificate bearing the signature of Col. Lindbergh. This recognition is accorded all organizations in the country which provide signs marking cities as a guide for aviators.

Through efforts of the Junior Chamber the word Marion has been placed in large letters at several points in and near the city. The certificate was presented to the chamber for its official records last night by Charles Whysall, chairman of the aviation committee.

Wood Gives Talk

Charles W. Wood, representative of Forbes Magazine was present in response to an invitation and gave a talk on municipal government and civic affairs. Mr. Wood, an associate editor of Forbes Magazine, is here assembling material for a series of articles dealing with conditions in the average American city of middle size which will be published in his magazine and probably in book form. He selected Marion as being a representative typical American city of that class.

In his talk he commended the Junior Chamber for its civic service in Marion.

The meeting last night was held in the Marion Chamber of Commerce rooms.

EVIDENCE REVEALS PATRONAGE MISUSE

Senate Holds Inquiry on Charges of Sale of Federal Offices

WASHINGTON April [illegible]—A mass of documentary evidence revealing the bartering of federal offices in southern states was poured into the record of the senate's patronage inquiry today when a hearing was held on charges that postoffices have been sold in Mississippi, Texas, Arkansas and Tennessee.

The most interesting revelations touched upon the role of R. B. Creager as Republican national committeeman in Texas. One accusation pictured Creager as taking huge sums from Democratic leaders in an effort to defeat Mrs. Miriam A. Ma Ferguson when she won the Democratic gubernatorial nomination in 1924. Creager was charged with allowing Democratic leaders to name the Republican gubernatorial nominee in return for $[illegible],000.

REPORT ON MORGAN

Testimony on Rumors and Charges Placed With Lowman

WASHINGTON April 5—A full report of the testimony taken in the investigation of alleged liquor smuggling by Rep. William M. Morgan, Republican of Ohio, by U. S. Attorney Tuttle in New York, was on the desk of Assistant Secretary of the Treasury Seymour Lowman, today.

Lowman explained that it already had been held by Tuttle that there was no ground for action against Morgan and that the treasury would do nothing further about the matter.

Officials said that Morgan did not have "free entry" of the port but merely the privilege of expeditious examining of his baggage. It was explained that the customs collector's office in New York had full authority to grant Morgan "free entry" on his representation that he was returning to United States from an official mission.

11,000 NOTICES PREPARED FOR TAX LISTING

Personal Property Blanks To Be Mailed Saturday by County Auditor

YEAR OPENS SUNDAY

Returns Must Be Made by May 1 To Get $100 Exemption

Eleven thousand personal property tax blanks will be mailed to Marion county property owners Saturday it was announced today by County Auditor Earl E. Thomas. Although Sunday is the day set by law as tax listing day personal property returns may be made anytime before May 1 according to the official.

The penalty for making returns after May 1 the auditor points out is the loss of the $100 exemption and an addition of 50 per cent of the total amount of taxable property.

All returns must be sworn to by the property owners before a notary public or one of the county assessors. Auditor Thomas has called the seven assessors to a meeting to be held in the auditor's office in the courthouse Saturday morning. At the meeting the assessors will be given necessary supplies and instructions for aiding property owners in making their returns.

Accomodation to Public

Mailing of the tax blanks to 11,000 property owners is simply a convenience to them according to Auditor Thomas. The fact that a property owner does not receive a blank through the mail does not excuse him from making a return.

Auditor Thomas estimated today that at least 8,000 Marion county tax payers will make their returns by going to the auditor's office in the court house. A corps of deputies and clerks will aid in receiving the returns. There will be no charge for this service.

The county assessors who will aid property owners in the outlying districts in making their returns are H. A. Martin of Morral, O. S. Anthony of Waldo, A. O. Day of Meeker, H. J. Kellog of Caledonia, Phil Buchmann of Richland township, George Delauder of LaRue and Harry Lauer of Prospect.

Scale of Values

All property the auditor states must be listed at its actual value in money. A special schedule however is provided by law for listing automobiles.

The automobile schedule follows:

Model 1929 purchased after Jan. 1 80 per cent of the 1929 list price; 1929 model purchased prior to Jan. 1 75 per cent of the list price; 1928 model 60 per cent of the list price; 1927 model 40 per cent of the list price; 1926 model 30 per cent of the list price; 1925 model 20 per cent of the list price. All models purchased prior to 1925 are to be listed at their actual value.

FORM ORGANIZATION FOR MEMORIAL DAY

T. E. Andrews Elected Chairman for Annual Observance Here

The first steps to arrange for Marion's Memorial Day service were taken last night at a meeting of representatives of three war veterans organizations.

Cooper post of the G. A. R. was represented by George E. Christian and Charles Wiley. Representatives of the Marion county post, Spanish American War Veterans were T. E. Andrews, Fred Morrison, Lee Hoxworth and Frank Lefferle. T. E. Kinnear, J. W. Llewellyn and C. C. Caldwell represented Paul McGinnis Post of the American Legion.

An organization was perfected at the meeting to formulate plans for the Memorial Day observance. Officers elected were T. E. Andrews chairman, T. E. Kinnear vice chairman, Lee Hoxworth treasurer and C. C. Caldwell secretary.

The next meeting of the committee will be held in the Legion Dugout at 7:30 o'clock p. m. May 1. All patriotic and fraternal organizations and their auxiliaries have been requested to send representatives to this meeting.

The meeting last night was held at the Legion Dugout.

24 DIE IN WRECK

Throwing of Wrong Switch Causes Disastrous Rail Accident

BUCHAREST, ROUMANIA April 5—The dead in the wreck of the Iassy-Bucharest express near Boboca was increased to 24 this afternoon when four of the injured succumbed to their wounds. Sixty-five were injured.

Some one had thrown the wrong switch causing derailment of the train.

The station officials at the scene of the accident are reported to have fled.

A severe storm was raging when the disaster occurred.

Six Marion Boys Listed as Missing in Reports Filed Since Wednesday

Two Gone from County Detention Home Latest Added to Record Four Enrolled as Students at Central Junior High School

Disappearance of two boys from the Marion county detention home yesterday afternoon boosted to six the number of boys who have disappeared here since Wednesday morning. Investigation by juvenile authorities has revealed that all the boys disappeared after leaving their homes for school.

The missing are:

Fred Barr 16 of 712 Darius st.

Clyde Wilson 15 of 537 Henry st.

Donald Platt 14 of 691 Herman st.

Glen Newman 16 of Olney av.

Willis Ballard 13 an inmate of the detention home.

Lloyd Anthony 13 an inmate of the detention home.

No Clues Offered

The Barr, Wilson, Platt and Newman youths are thought to have left the city Wednesday morning after they had left their homes for Central Junior high school where they were students. The parents according to juvenile officers have no clues as to where the boys might have gone. It is thought that they left the city on foot as they are not known to have had much money.

The four boys were reported absent from classes Wednesday morning. They were reported missing to juvenile authorities when they failed to return to their homes.

The Ballard and Anthony boys according to officials at the detention home left the home yesterday morning for the State street school but failed to arrive there. Officials have no clues as to their location.

Description of Four

There follows descriptions of the four missing junior high school students:

Fred Barr dark hair about five feet six inches in height black eyes wore brown coat and trousers and green sweater.

Clyde Wilson black hair dark blue eyes is small for his age, wore blue trousers green striped sweater and black striped gray cap.

Donald Platt blue eyes auburn hair five feet three inches in height wore blue trousers with white pin stripe, dark blue sweater and light [illegible].

Glen Newman brown eyes and fair complexion slender built and wore [illegible] sweater.

BURGLARS ENTER 4 LOCAL STORES

Attempt Made To Break into Fifth in East Section of City

Burglars entered four East Center stores last night and made an unsuccessful attempt to enter the fifth escaping with about $12 in money. No merchandise was missing from any of the stores.

The number of burglars is not known although two were seen. Their actions were so deliberate that others were probably on guard it was reported.

In all four cases the burglars entered the stores by prying open the front doors. A tool similar to a tire tool was found at the fifth store.

The Abbott grocery at 7[illegible] East Center st was the heaviest loser, $10 being taken from the cash register.

The Gill drygoods and notion store at 778 East Center lost $2. The burglars took no loot from the Charles J. McClellan restaurant at 710 East Center st or the Raymond Gruber meat market at 118 North Grand av. The burglars unsuccessfully attempted to enter the W[illegible] grocery.

Mrs. Mayme Fox who lives near the Abbott grocery heard the burglars about 3 o'clock and called the police who were unable to find any clues except finger prints.

Mrs. Fox heard them attempting to open a cash register they had removed from one of the stores.

DRIVER KILLED

Auto Upsets When He Fails To Negotiate Turn in Road

COLUMBUS April 5—His automobile overturning after he failed to make a turn on a highway near here early today William Gamwell 30 driver of the machine was killed and three of the four other occupants sustained injuries.

Mrs. Helen Gamwell 25 wife of the deceased, her brother George Frost 22 and Miss Edna Myers suffered slight injuries and bruises. Ramona [illegible] year-old daughter of the Gamwells escaped injury.

Motorists who witnessed the accident related that Gamwell was traveling at a high rate of speed when the machine approached the curve and shot through a fence and overturned in a field 50 feet from the highway.

ARNSTEIN AGAIN UNDER POLICE SURVEILANCE

NEW YORK April 5—Jules W. "Nicky" Arnstein is in the toils of the law again.

The man, who for many years has been regarded as the most colorful figure in Broadway's "half-world" was to stand in the "lineup" at police headquarters today, while a Taunton, Mass., hotel keeper tries to identify him as the "con man" who stole $35,000 from him.

INJURED MAN FACES PNEUMONIA THREAT

Charles Marshall in Serious Condition After Ditch Cave in

Pneumonia is threatening Charles Marshall age 55 of 510 Toledo av who was injured when the bank of a ditch in which he was working caved in on him and another workman while the two were installing sewer pipes in the [illegible] real estate addition which is being laid out in the vicinity of Washington av east of Vine st.

The accident happened one week ago. Marshall who is employed as a sewer pipe layer by W. E. McCluskey general contractor was lying flat in an eight-foot ditch placing a new sewer pipe. According to McCluskey, the bank weakened by repeated rain fall and quicksand in the vicinity of the ditch gave way, crashing dirt and stone in on the two men. The man who was working with Marshall escaped practically unharmed.

Marshall who was taken to his home was found to have a broken collar bone and a badly cut head by Dr. A. A. Sterner his physician. Dr. Sterner stated this morning that there is a chance to head off the threatened case of pneumonia.

Marshall has been in the employe of McCluskey the last four years. He is the father of 11 children all but four of whom are married and living away from home.

The work on the new addition has been under way since last December, but according to McCluskey, the weather has been so bad that very little work could be accomplished during the winter months.

SHE'S LUCKY

Baby Falls 18 Feet From Window, Only Slightly Injured

CLEVELAND, April 5—A lucky star attended the birth a year and a half ago, of Lois Menter.

This had been irrefutably demonstrated today following Baby Lois' impromptu 18-foot dive from a second story window to a cement sidewalk.

The infant fell through the window glass after she had been left alone in her crib. Rushed to a hospital it was found her only injury was a slight cut on the tongue. Baby Lois' crib was some distance away from the window today.

ARRAIGNMENT IS POSTPONED

Mrs Johnson May Not Face Court Until Monday in Murder Case

Arraignment of Mrs. Stella Mae Johnson charged with the murder of her husband Hal R. Johnson was postponed indefinitely today. Time for the arraignment was not set but will probably be Monday officials indicated.

Mrs. Johnson's hearing was postponed as Chief F. W. Thompson was unable to be present this afternoon at 2 o'clock the time originally set. As he filed the affidavit his presence is necessary.

Mrs. Johnson who has been in the county jail since early Tuesday morning when she shot her husband with a shotgun was notified of his death yesterday afternoon according to Sheriff E. E. Francis. Johnson died at the hospital Wednesday night at 6:20 but she was not informed that he had died until yesterday.

Sheriff Francis stated that the woman made no request to see the body of her husband before its burial. This would have been almost impossible as she was not informed of his death until the funeral procession was moving the body to Forest for final services today.

In Cell Since Tuesday

Mrs. Johnson has not been removed from her cell since Tuesday and will probably remain there until her arraignment.

When interviewed yesterday relatives of Johnson advanced a possible jealousy motive for the killing although they said they were not well acquainted with Johnson's domestic life. They had not visited him for six years.

Last rites for Johnson were held this afternoon at 2 o'clock in the Methodist church at Forest his former home. Dr. B. [illegible], pastor of Epworth M. E. church was in charge. Interment was made in the Patterson cemetery at Forest.

Sojourners Lodge No. 651 Free and Accepted Masons of which Johnson was a member conducted services held for him yesterday afternoon at [illegible] o'clock in the W. [illegible] Boyd funeral home. Following the Masonic ritualistic service the body was taken to Forest to the home of a relative where it was held until funeral time this afternoon. Members of the Marion local barbers union also attended the services yesterday in a body.

Information received by The Star yesterday stated that Johnson had been a member of Lydia chapter of the Order of Eastern Star. Eastern Star officers here reported today that Johnson was not a member of the local chapter.

CLOSE 'EM EARLY

Kansas City Chief Orders Bootlegging Shut at 8 p. m.

KANSAS CITY, Mo. April 5—Chief of Police John L. Miles newly appointed today issued an order that Kansas City bootlegging "joints" must be closed by 8 o'clock each evening under threat of invoking the Jones law. In his edict Miles also ordered concealing blinds and advertisements be removed from "speakeasy" windows. The chief said his edict was a forerunner to complete annihilation of "joints" which he had set about to put out of business. A government agent recently said there were 1,000 "joints" here.

WHO DID IT?

Man, Beaten by Mob, Sues Commissioners of County

ST. CLAIRSVILLE, April 5—For injuries which he contends he suffered at the hands of nine men, who, masked and robed spirited him from the city here last Wednesday night, Lawrence Vanhorn, 35, today filed a mob-law damage suit for $1,000 against the Belmont county commissioners.

Exhibiting marks of the beating, Vanhorn informed officers he was seized by the men, placed in an automobile and driven to a point near Maynard where he was forced from the machine and then clubbed.

County officials, led by Prosecutor George McKelvey, have opened an inquiry.

MAYOR GETS RESULTS WITH NEW SYSTEM

Price of Anthracite Here To Be Reduced at Least $2 50 a Ton

OLD CONTRACT ENDS

Murphy Gives Talk Telling of Plan To Get Lowest Possible Prices

Adoption of sound business methods for the purchase of city supplies and letting of contracts has already effected a substantial saving for the city of Marion according to information given to Marion Kiwanis club members by Mayor Emery M. Murphy when he spoke at the weekly luncheon meeting of the Kiwanians yesterday at the Marion club.

Amiesite, a composition used extensively in street repairs and surfacing here which last year cost the city $10.50 a ton will be bought in the future for at least $2.50 a ton less the mayor said. This will result in a saving running to a high figure as this material has been used in large quantities here in the past.

System Gets Results

The lower price has been obtained as the result of a system of management and purchases which was inaugurated shortly after the new mayor took office on Jan. 1.

Finding that the city had been paying $10.50 a ton under a contract in effect last year the mayor launched an inquiry which resulted in a purchase arrangement at a much lower figure. The old contract expired Monday of this week and after its expiration 60 tons of amiesite was bought at $8 a ton.

The mayor expects that a still lower price will be obtained when purchase of the year's supply is made. He says that he expects to obtain a price of not more than $7.[illegible] a ton.

The amiesite comes from plants at Hillsdale Mich. and Kenton. In the event that the lowest possible figure can not be obtained under contract buying will be done direct by the city the mayor indicated.

Will Receive Bids

Advertising for bids on the city's supply of road maintenance material will be started soon. Bids will be received on all classes of material to assure the lowest possible figure, the mayor says.

This development in the buying of amiesite is only one of the benefits expected to result from the system of purchasing inaugurated under the direction of Mayor Murphy.

Shortly after he took office inquiries were sent to all leading manufacturers of street repair and paving material to get detailed prices on their products. Inquiries were also forwarded to numerous other cities to obtain figures on what these places were paying for their supplies. As a result Mayor Murphy and his assistants now have on file complete data to aid them in buying and in letting contracts intelligently.

Mayor Murphy assured the Kiwanians that he intends to operate the city as economically and efficiently as possible without crippling public service.

SECOND RUM PLANT FOUND UNDERGROUND

Elaborate Catacombs, Entrances Lead to Detroit "Liquor Well"

DETROIT April 5—A second underground brewery with elaborate catacombs and entrances far removed from the main establishment, was discovered by prohibition agents here today.

Entrance to the newest "liquor well" was gained through a second hand rubber house and a tunnel 150 feet long.

At the end of the tunnel the agents claimed they found 10 vats of 1,000 gallon capacity, one 2,700 gallon capacity cooler, two large fillers, 10 half barrels of beer and 250 feet of hose. They also captured a truck with 15 half barrels of beer.

The new underground bootleg system was located, prohibition agents claimed, by shadowing beer trucks to the rubber house.

Meantime, dry agents were demolishing another subterranean brewery found yesterday at the end of a long pipeline which began at a garage. Three men are under arrest in connection with the operation of the plant.

LEOPOLD DIES

Father of Youth Sentenced for Murder Succumbs

CHICAGO, April 5—Nathan F. Leopold, Sr., 69, father of the boy who was sentenced with Richard Loeb to a life term in Joliet penitentiary for the "thrill" murder of Bobby Franks, died last night in a hospital. He had undergone a major operation 10 days ago.

Mr. Leopold was a wealthy lake transportation magnate and highly respected in Chicago business circles.

The discovery that his son and young Loeb had killed little Bobby Franks was a severe blow to him.

BIG BOOST GIVEN INCOMES BY STOCKS

Estimate Market Profits Yield $2,500,000,000 to Citizens in 1928

[illegible]ASHINGTON, April 5—Profits [illegible] market transactions in 1928 [illegible] probably $2,500,000,000 or more [illegible] incomes of individual taxpayers, [illegible] department experts estimated [illegible].

[illegible] 1927 profits from the sale of [illegible] estate, stocks and bonds held [illegible] than two years amounted to $1,745,074,000. It was anticipated that the figure, as shown by federal tax returns, would be at least double for 1928. Experts pointed out that the major portion of the profits so listed are derived from stock transactions.

The estimate includes only such income as is reported for the purpose of taxation, the gross return being considerably greater. It does not include profits made by corporations on speculation, since corporate income is not listed by sources.

The speculative market resulted in an addition of about $85,000,000 revenue for the government in March and for the fiscal year the gain is expected to be about $150,000,000.

TWELVE STATES TO HOLD MERCHANDISING MEET

ST. LOUIS—Modern merchandising and distribution, two of the major problems facing business in the present era of mass production, and the influence of style, color and design in the stabilization of industry, will be analyzed exhaustively at a meeting of approximately 600 of the leading business executives of twelve states in the Mississippi Valley, to be held here April 17.

The meeting, known as the Mississippi Valley Manufacturers' and Wholesalers' Conference, will be under the auspices of the St. Louis Chamber of Commerce, the Associated Industries of Missouri, Kansas, Kentucky and Oklahoma, the Manufacturers' Association of Iowa, Nebraska and Tennessee, Texas State Manufacturers' Association, the Arkansas State Chamber of Commerce and Industrial Club of St. Louis.

IOWA CALLS EXPERTS TO MAKE COAL OF COKE

DES MOINES—Experiments to determine whether Iowa coal can be coked have been started by the state geology department in cooperation with state chemists at Iowa City, in an effort to increase the production of the state's mines.

If the experiments prove successful a market can be found for three times the amount of Iowa coal now sold, James H. Lees, assistant state geologist, stated.

The way of the transgressor is one way, but remember that there are other ways.

ENTERTAIN AID

LARUE, April 5—The Ladies' Aid society of the M. E. church met at the home of Mrs. Ethel Clark, Wednesday afternoon. The president, Mrs. A. M. Scott, had charge of the meeting which opened with a song, "Brighten the Corner Where You Are," followed by prayer by Mrs. McAfee and scripture reading by Mrs. Ethel Clark. The afternoon was spent in sewing carpet rags. The next meeting in two weeks will be with Mrs. William Hensel, north of town, and will be an all-day meeting with a covered dish dinner at the noon hour. The hostess served refreshments.

Mainstays of Every Meal

Good bread and good coffee—what meal is complete without them? Yet some folks do not realize how much these two common foods contribute to the daily joy of eating.

HOLSUM stands very high in the estimation of most families in this community. It is known as a genuinely good food—a fine tasting loaf that makes the whole meal more enjoyable. That's what bread ought to do, of course. It acts as a sort of all-around appetizer.

Clean, wholesome materials, skillfully combined and baked to perfection, give this bread a rare goodness. And they fill the loaf with an abundance of hearty nourishment, too. You always get it at its best for HOLSUM is hurried temptingly fresh to your grocer's, twice every day.

There's a Difference in Bread

So—don't say bread—say

COLORADO PUPILS WORK WAY THROUGH UNIVERSITY

BOULDER Colo—Students at Colorado University make their way the best they can as figures released by the dean of women and dean of men disclose that 650 of the 3,061 students are gainfully employed in trades varying from hashing and dish washing to being private secretaries and supplying at the local telephone exchange

Twenty four per cent of the total number of women either earn a part or all of their college expenses while 20 per cent of the 2,061 men included on the enrollment list labor to earn their living

Broccoli is the staple vegetable of Italy Its great coarse green leaves and white stems come submerged in soup (al brodo) it comes as a salad crisp and raw under oil and salt it comes scalded and limp heaped in a huge inert mass under a lump of butter (al burro) to be unraveled like spaghetti and then like spaghetti to be spiraled round the fork and carried to the mouth

Motor Is Heart

It has been said that the motor is the heart of the airplane Detroit being the heart of the motor industry believes it will also be a major center of the aircraft industry once the industry has passed its youthful sprawling stage and settle down to the new favored localities where its operations will be concentrated

That our efforts thus far have been well repaid is indicated by the fact that we now have in the Greater Detroit area [illegible] companies representing an invested capital of $[illegible],000,000 engaged in aircraft and aircraft accessories *manufacture* The output of three of our airplane manufactures in 19[illegible] was two and one half times that of 1[illegible] Our aircraft payroll in 19[illegible] was $1,[illegible],000 and it is the payroll after all which serves as the best indication of an industry's value to the community

A Washington wire says the Capitol City is all stirred up over the question of precedence raised by Vice President Curtis in behalf of his sister and official hostess Mrs Gann It may be said that in no capital on earth can a matter of precedence create more hubbub than in the capital of this great land of democracy where all are born free and equal

So far as intent goes the Snyder Gray case had nothing on that of the young Ravenna wife and her paramour who conspired to kill the husband of the former by beating him over the head with an iron bar throw his body into a lake twelve miles away and collect his insurance The fact that the cold water of the lake revived the husband and enabled him to crawl on to the bank relieves *them of a charge of murder* but the punishment for such a crime as that with which they are charged should be equally severe

National Origins Quota Law.

The reader will recall that President Hoover in proclaiming a few days ago that the national origins clause of the immigration law will become effective July 1 of the present year voiced regret that the law was mandatory leaving no other course than following it open to him At the same time he made just about as plain as could be made by inference that it would not be displeasing to him should congress at *the coming special* session take action looking to a further postponement of the inauguration of the national origins plan in fixing quotas

Something like ten or twelve years ago a law was passed restricting immigration from any country to three per cent of the total number of persons residing in the United States who were born in that country as shown by the census of 1910

It should be remembered that in 190[illegible] for the first time in our history immigration passed the 800 000 mark and that from that time on up to the opening of the World war aliens were entering the country in hordes In 1905 immigration topped the million mark The following year it passed 1 100 000 and increased to 1 [illegible]85 [illegible]49 the year succeeding that In 1910 the census for which was used as a basis of the quotas it was 1 041 570 and in 1914 the year of the opening of the war it was 1 218 480 The war reduced immigration to such an extent that in 1918 it dropped to 110 618 but the war being over the flood of aliens began to flow America-ward again and reached such proportions that the law basing immigration quotas on the census of 1910 was passed as we have stated

It soon became apparent however that with quotas based on the 1910 figures the countries of southern and eastern Europe were enjoying a great advantage over those of northern Europe as the great bulk of the alien flood we have mentioned had been coming from the southern and eastern countries To correct this situation congress [illegible] directed its attention to increase the quotas from the northern and western countries of Europe and to that end passed the immigration act of 1924 which fixed the quota on the census of 1890 in which year immigration from no country was 15[illegible] and reduced the percentage from three to two which was regarded as fair to both old and new immigrants

The law provided further that after a year the number of immigrants admitted would be limited to 150 000 which were to be divided among the countries on the basis of the national origins of our population as shown by the census of 1920 However congress in 1927 took action postponing the putting into effect of the national origins clause and thus it is to take effect July 1 of this year as stated unless another postponement is voted at the present session

Now it happens that so great has been the influx of immigrants from the southern and eastern countries since the flood set in in 1904 that residents from those lands have increased out of all proportion to the increase from most of the lands of northern and western Europe thus cutting down the quotas of the latter group The national origins clause will reduce the quota of Germany by way of illustration by 23 [illegible] per cent and that of the Irish Free State by an even *greater percentage* both of which lands have furnished this country splendid citizens Now if the two per cent of the national origins were to hold Norway and Sweden and some other northern lands would make a quota gain but there is the *limitation of 150 000* immigrants annually which will cut their quotas while the influx from southern and eastern Europe *from 1909 to 1920* was so much greater that the southern and eastern quotas will be increased while the northern and western European lands will lose out

The quota of Czechoslovakia will be increased three times and that of Poland almost five That of Italy many times Those of Austria Hungary Russia Turkey Greece Finland Lithuania Latvia and Jugoslavia will also be much enlarged which will bring about a situation very similar to that which *obtained before the act of 1924 became a law* save that if some of the various tables which have been presented are trustworthy the quota of Great Britain and northern Ireland combined will be almost doubled

The manifest objection to the national origins plan is that it will bring into this country too many immigrants from some divisions of Europe and not enough from others We will be taking the great bulk of our new blood from a very limited number of the national fountains from which it may be drawn It will give us too large elements of some foreign blood and too small of others whereas *the ideal situation would be to keep the various foreign bloods* as nearly balanced as possible that no one or two elements may grow too strong

President Hoover showed true Americanism by voicing his regret that the proclaiming of the national origins law was compulsory It should be repealed

American vessels carried thirty nine per cent of the foreign commerce of the United States in 1928 which amounted to 100 000 000 long tons valued at $[illegible] 000 000 000 Not so bad is an accomplishment by what may be called an infant industry for surely our merchant marine can not at present be called more than that

Commissioner of Police Russell of Chicago has warned the people up there to avoid using poorly lighted thoroughfares at night and has urged them to carry no more money or other valuables than absolutely necessary which strikes us as a bit odd in view of the number of robberies being pulled off up there in the daytime right in the heart of the city

Dr Isidro Ayora who has served as provisional president of Ecuador since 1926 has been elected constitutional president of that republic There is this merit in the provisional president idea it not only gives the people a chance to get a line on the man serving provisionally but also gives him a chance meanwhile to get onto the ropes

While we were losing millions upon millions on our merchant marine the North German Lloyd's business last year justified the payment of an eight per cent dividend to its stockholders which may be taken as showing the difference in results between government and private ownership

Rheumatic Pains and Weather.

BY ROYAL S COPELAND M D

Is there any scientific foundation *for the belief* certain persons have that they can feel the onset of bad weather It is a common thing for rheumatic persons to say they can feel in their bones that the weather is to change I am asked frequently if there is any sense in this

It is probable that barometric pressure has its effect upon the body If it really has a rising or falling barometer would have its effect

Before a storm the barometer falls This release of pressure lessens the escape of water from the body It interferes with the free action of the skin *Perspiration is lessened*

Just how this is accomplished may be crudely likened to the effect of pressure on a sponge If you squeeze it the water runs out If you release the pressure the water stays in the sponge

In a sense this is what happens to the body by lessening the atmospheric pressure upon its surfaces With the decreased barometric pressure the fluid does not escape in the usual quantities

In consequence what we may call the normal water balance is disturbed This causes certain effects upon the sensory nerve endings in the skin As a result there is a disturbance of the nerve centers Restlessness is the observed result

A few weeks ago a Chicago physiologist Dr C S Smith contributed an article to the American Journal of Physiology In this he points out that the restlessness of various animals that is often noted before a storm *might be accounted for* by the low barometric pressure and the consequent water retention With an animal that is particularly sensitive to this condition there is thus given foreknowledge of approaching bad weather so that migratory birds are away before there is any sign in the sky of a weather change *Hogs usually bed* themselves down and cattle on the range become restless and seek shelter hours before there is any evidence of impending change in reaction that will impress the senses of man

This scientist explains on the same grounds the claims of persons who suffer with rheumatism or any one of several other disorders that make the nerves particularly sensitive that they can tell the approach of bad weather They suffer increased pain or have other symptoms that cause them to feel it in their bones Perhaps weather and the water supply of the body are related in such a way that the atmospheric changes are actually felt

It may be well that the barometric conditions are more important than we suspect One of my doctor friends has preached this doctrine a long time

It is a fact that a physician who rounds on a bright sunshiny day may find every patient restless and uncomfortable There may be no obvious physical reasons for these unpleasant symptoms

It may well be that the fall of the barometer is responsible That is what my doctor friend has believed for years The most recent theory confirms his conclusions

ACTION ON REPARATIONS

It *is not clear that Owen D Young* gave a definite ultimatum to the German delegates recently in the form of a statement that $4[illegible]5 000 000 is an annual payment figure was the least that could be seriously considered Yet the allied powers have not indicated that they will even *consider definite negotiations on this basis After* the Easter recess of the committee there will doubtless be tangible discussions of the precise figure to be agreed upon

The principle of Germany's ability to pay has been abandoned finally since the Allies are *certain that Germany can pay as much as the Dawes* plan provides —more than $600 000 000 annually But a lower figure is inevitable since the conference was called to lighten Germany's burden The absurd phase of the entire conference is the position into which the American delegates are *forced by the United States government's in*sistence on keeping war debts out of the discussion While they maintain the view nominally that European debts to the United States are unrelated to the matter of reparations the fact remains that the demands of France and Britain are gauged positively by *their obligations to Washington*

Until the United States revises its position on this point—as it may not for some years to come—there will be no really permanent settlement of the reparations question But the experts can make a reduction of *Germany's obligations which will aid greatly in restoring the difficulties of the* international economic situation This will clear the ground for a smoother functioning of the machinery of international trade for some years And then perhaps the United States will be able to pretend that the objections to debt cancellation or reduction are not so serious *thereby paving the* way for a definite settlement of the whole muddle —Cincinnati Enquirer April 3

PROGRESS AT BOULDER DAM

Desolate wastes in the area of Lower Boulder canyon are bringing fancy prices and desert tracts eighty miles from the scene of the $165 000 000 Boulder dam project are listed for the sucker Land promoters are pyramiding prices for their sand lots and the ground floor boys are discounting values years in advance The Boulder dam boom is on

Now that the Boulder dam bill has been passed those who have promoted the project as a government power enterprise are maneuvering to accomplish their plans President Coolidge was *anxious to avoid building and operating a power* plant at Boulder dam at government expense and hoped for a satisfactory lease to private interests Thus far the private power companies have shown no great interest in the Boulder dam rights Recent figures indeed suggest that private companies have *virtually ceased extending their hydro electric* properties and instead are building steam plants to meet their growing requirements If so there is reason to believe that the power generators at Boulder dam if built at all will be government built and may prove to be another white elephant

The apprehensions of *those* who opposed the Boulder dam project are being realized Mad speculation in land has begun and it may shame the Florida boom before it comes to a disgraceful end The government is proceeding blindly with a tremendous undertaking the real purposes of which have been obscured and which will not be exposed fully until millions are spent Interstate jealousies and suspicions are bitter and a Mexican problem has been created And farmers of produce use soil are to be taxed to equip competitors By comparison Muscle Shoals appears a modest and unspectacular undertaking —Chicago Tribune

Weather Puzzles.

BY GARRETT P SERVISS

The recent extraordinary cold in Europe [illegible] speculations about the coming of another glacial epoch But [illegible] that while Europe [illegible] America was enjoying warm weather for the season Th[illegible] the cold weather on the ea[illegible] must be ascribed to [illegible] rather than to common world [illegible] such as would be caused by [illegible] of the sun's radiation

[illegible] what could such conditions be [illegible] seem a natural reply that there [illegible] been a change in the prevailing winds and ocean currents, causing a decrease [illegible] of warm water and warm air in [illegible] and northwestern Europe But [illegible] would be necessary to account [illegible] alteration of the winds and currents [illegible] far as we can see, the only general [illegible] would be a change in the air temperature resulting either *from variation* of the radiation or from some uncommon [illegible] atmosphere itself It would require [illegible] observation and discussion to [illegible] of the assumptions

The meteorologists have an elaborate [illegible] of hyperbars and infrabars [illegible] may be likened to aerial mountains and [illegible] where cold air flows down and out [illegible] the hyperbars while cyclones circle around [illegible] deeps of the infrabars The hyperbars [illegible] areas of high pressure and the infrabars [illegible] low pressure The primary cause of the [illegible]istence of these contrasted atmospheric [illegible] is the radiation of the sun But it appears that there are certain hyperbars whose state of high pressure is more or less permanent during entire seasons and these [illegible] a control over the weather of [illegible] areas enduring almost unchanged some [illegible] for months

Then again abrupt changes occur [illegible]pletely altering the relations of the high [illegible] low pressure areas and bringing on [illegible] weather conditions Over all reign [illegible] causes but guessed at or little understood which act periodically through long cycles of time Everybody must have noticed that when extraordinary weather like that which surprised Europe comes on people do not say that such a thing never happened before but only that it has not occurred since the time of their fathers or grandfathers perhaps a century ago

And in fact there is reason for affirming that there has been no essentially new climate in any part of the inhabited world since recorded history began A change that seems new is a recurrence of something forgotten that came about so long ago that it has passed into the realm of tradition

The glacial epoch itself now appears to have been only one of those recurrent [illegible] in climatic history At least four successive stages of alternate cold and warmth can be traced in the latest ice age which seems to have covered the days of the earliest [illegible] of mankind But it is still an unsettled question whether these recurrences can be traced to systematic changes in the relations of the earth to the sun arising either from alterations in the obliquity of the ecliptic or of the eccentricity of the earth's orbit or from fluctuations in the radiative energy of the sun which would occur if the sun were a variable star of very long or very irregular periodicity One noteworthy conclusion to which investigators have been led is that the chief factor in bringing on the glacial stages was a lowering of temperature rather than an increase of atmospheric precipitation What was the cause of the lowering of temperature is a question left undetermined but on simple grounds of reasoning it would seem to have been most likely a partial failure of the supply of solar radiation So we finally come back every time to the sun—the big camp fire of the solar system —Copyright 19[illegible] International Features Service

Raichley Will Hearing Ends; Judge's Finding Not Likely for Several Weeks

Decision of Judge Gast To Be Based on Testimony and Briefs To Be Prepared by Attorneys, Hearing Lasts Two Days

After consuming two days and [illegible] evening the [illegible] accounts of the [illegible] tors and [illegible] Judge Oscar [illegible] district [illegible] after the last witness for the [illegible] Temple [illegible] had left the stand.

There were no arguments of the [illegible] will render [illegible] from the [illegible] dence and brief [illegible] the [illegible] day that [illegible] will probably not be decided [illegible]

James A. Krupp, secretary of the Temple [illegible] D. Zachman, president of the company, were the only witnesses placed on the stand by the Judge [illegible]

Make Objections

Both Mr. Krupp and Mr. Zachman testified that they objected to the amount of fees paid and [illegible] the executors and the manner in which the fees were paid. Under cross examination they testified that they excepted to all fees paid the attorneys by the executors.

[illegible] the Raichley [illegible] that the attorneys [illegible] should have been presented [illegible] Temple company.

After a delay from 9 [illegible] o'clock yesterday morning, the hearing was resumed at [illegible] in the afternoon. The last witness for the executors left the stand shortly after the morning session opened.

Attorney Evans then asked the court for time to [illegible] the original Raichley will. Evans immediately went into conference with two of the attorneys involved in the case for the presumed purpose of effecting a settlement. What transpired at the conference is unknown but the parties were apparently unable to get together since the hearing was resumed.

The four attorneys and the executors are known to have flatly refused any settlement short of a complete withdrawal of the exceptions by the Temple company.

which also carried the United States embassy staff and Prefect [illegible] of Brest.

As the tender reached the Tourville's side its tackle was swung over the side and the coffin was [illegible] while the cruiser's band played The Star Spangled Banner and the crowd stood at attention [illegible] The coffin was placed [illegible] the quarter deck covered with a flag.

Says U. S. Deeply Moved

American Charge D'Affaires Armour, who had accompanied the body from Paris, made a little address standing on the quarter deck beside the coffin.

"The people of the United States have been deeply moved by the affection of the French people," said Mr. Armour. Then turning to the ship's officers he added: "We confine the beloved ambassador to your safe keeping knowing it was his sincere wish thus to return home."

Placed in Chapel

Commandant Abrial, commander of the Tourville, formally accepted the body which was later placed in the [illegible] chapel on the [illegible] side of the other quarterdeck adjoining the commandant's own stateroom.

On board the Tourville only one American accompanied the body of the late ambassador. He is W. W. Schott of the embassy staff and private secretary to Mr. Herrick.

Just after noon the watching crowd got its last glimpse of the Tourville with its dead. The cruiser was soon hull down on the horizon, then nothing was left to view but a wisp of trailed smoke in the murk.

State Legislators Speed Their Work As Recess Nears

FOUR-CENT GAS TAX PASSED BY HOUSE

[illegible] of Approval Given Sul[illegible] Bill by Vote of 98 to 29

AUTO SPEED OBSTACLE

Senate and House Deadlock with Former Desiring To Abolish Limits

[illegible] April 5—With the [illegible] tax bill passed by the [illegible] and lower branches [illegible] are in a deadlock over [illegible] automobile speed limit bill and recess [illegible] the state solons were [illegible] the house.

By a [illegible] 29 [illegible] a stamp of approval [illegible] bill which [illegible] in Ohio from three [illegible] the senate [illegible] considered by that body [illegible] expected [illegible] will be [illegible] the house [illegible] favors the [illegible]

The [illegible] speed limit [illegible] used is [illegible] deadlock [illegible] between [illegible] and senate. The upper house wants the speed limit raised from [illegible] miles an hour [illegible] per hour. The [illegible] wishes to abolish [illegible] allowing a reasonable speed on highways outside of villages [illegible] municipalities.

Appropriations Bill Yet

A sharp debate took place in the house yesterday when the [illegible] repealing approximately [illegible] section of the general [illegible] passage. It was finally given [illegible] Among the sections [illegible] which [illegible] provided [illegible] for township highways [illegible] of the general revenue [illegible]

One of the most important pieces of legislation that must be [illegible] by the legislators before they [illegible] homeward to stay is the general appropriation bill providing [illegible] $114,000,000 for the running of the state of Ohio for the next [illegible] years.

A bitter floor fight marked the passage of the increased gasoline tax bill in the house.

Differences of the house and senate over the speed limit measure may be ironed out in a committee meeting today. Both branches agree that the speed limit in congested districts should be raised from 15 to [illegible] miles an hour and in residential districts from [illegible] to 30 miles an hour.

Bills Passed by Senate

Following are the bills which were passed yesterday afternoon:

AUDIENCE BECOMES ROUGH IN HOBOKEN

Be-Tighted Coryphees in "The Black Crook" Upsets Usually Stable Folk

BY DAVID P. SENTNER

(Copyright 1929 by I N S)

NEW YORK, April 5—Enter a new form of art—the ejaculatory drama—where the play is directed by the audience on the other side of the footlights in true Bohemian spirit.

It is the offspring of the Hoboken beer garden drama, as nursed by Christopher Morley, the whimsical bard who takes his morning shower (they say) with his pipe between his teeth. Messrs. Throckmorton and Milliken and Cirillo are associated with Morley in the production.

Lead [illegible] and [illegible] Inverted and [illegible] the musical numbers [illegible] from the [illegible] bleachers. And Agnes de Mille, who directed and created the grand ballets, accomplished a dainty job, too dainty perhaps for the likes of those with the unbated beery breaths.

Ruth Meskins as Carline was the best thing in the show aside from the free beverage [illegible] dispensed between acts. Miss Meskins sang her "Georgie" song to the bass viol player in the orchestra pit so charmingly that most of the masculine audience wanted to sign up in the morrow for bass viol lessons.

The march of the Amazons—ladies in pink [illegible] who make a square turn and walk on their heels—was spectacular.

Each Amazon had her flesh colored tights baggy at the knees.

I take it that this was a compromise of the period with the demand of good taste—to show to a watching world that they were tights and not nature's cuticle.

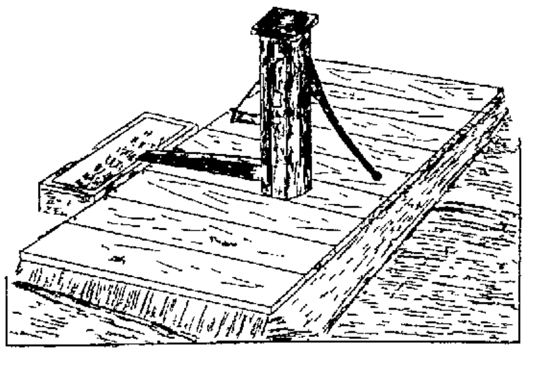
The Passing Of The Town Pump



Before there was a public water supply in Marion, people drew their water from wells. Not everyone had a well, for wells cost money, but there was one which was used in common. It was known as the TOWN PUMP. It was the gathering place of those who came to get water but lingered to exchange choice bits of neighborhood news. THE TOWN PUMP thus became the forerunner of both

The Marion Star and The Marion Water Co.

THE TOWN PUMP has passed but the newspaper and the water company remain, as companions in public service. One disseminates clean, interesting news, the other dispenses clear, sparkling water.

Each works in its own way for the welfare of the city, with all the intelligence and energy it can command.

245 BOOKS ADDED AT LOCAL LIBRARY

New Volumes Listed in Report Compiled for March

The City library added 245 books to its shelves in March, a monthly report made yesterday shows. Of this number, 241 were by purchase and four by gift. The adult fiction class received 128 of the books, and juvenile fiction 60, the juvenile class 42, and the adult class, 15.

The report also shows that there was an increase of 570 over the total circulation of 8,546 in February, with a decrease of 16 in the number of registered borrowers. The number of borrowers withdrawn during the month fell from 268 in February, to 203 in March.

During the month, 188 were registered, 43 less than in February.

The circulation is heaviest in the adult fiction department, with second place going to juvenile fiction. The adult fiction circulation was 5,345 and the juvenile fiction, 2,350.

TAILORED MODE

(Posed by June Collyer)

Spring is literally upon us and necessitates a speedy selection on milady's part. Navy blue flat crepe lends charm and simplicity to this smart tailleur, a feature of which is the powder blue blouse banded with a contrasting shade of blue. Large pearl buttons contribute to the double-breasted jacket, and a blue felt hat and blue kid shoes complete this costume, which is within the means of the most slender purse.

FAIR GROUNDS BURN

TOLEDO, April 5—Fire in the main exhibition hall of the Fort Miami fair grounds near Maumee virtually destroyed the structure and threatened several other buildings. Firemen from Maumee were hampered by low water pressure. The exhibition hall contained nearly 30 tons of hay and straw. Electric wires which flared in several places are thought to have caused the fire.

Potential water power in the United States available 90 per cent of the time has been officially estimated at 38,110,000 horse-power and that available 50 per cent of the time at [illegible]165,000 horse-power.

NEW THINGS OF INTEREST TO WOMEN

Sparkling Glass
A Social Exactment

Caressing White Hands
Every Woman's Right

Simple, New Way, Now—Use Any Kind of Soap

SPARKLING glass and gleaming china are as much a mark of social knowledge as good manners.

To have them—impeccable and flawless—and, at the same time, for the housewife to have caressing, white hands is a problem that's now been solved an interesting, new way.

Use any kind of soap, soap powder or soap flakes, in washing dishes. But add a teaspoon of CLIMALENE to the water.

This enables you to use ONE-FOURTH the usual quantity of soap. For it softens the water instantly, so that *far less soap* is needed.

Being a GREASE SOLVENT in itself, it DISSOLVES grease instantly; and eliminates ALL FILM or scum from glassware. Makes it sparkle like rare jewels.

Containing superlative SKIN WHITENING and SKIN SOFTENING ingredients—used by scores of beauty specialists—it leaves the *hands soft and lovely beyond words.*

Women are flocking to it. It costs only a dime at grocers. Try it. Just ask for Climalene.

CONTRACT CHANGED ON PENNEY BUILDING

Awarded to C. W. Taylor of Zanesville; Work To Start Soon

Confirmation of the bid of Charles W. Taylor, general contractor of Zanesville, for erection of the new J. C. Penney building on West Center st., was received yesterday by C. F. Merkel, part owner of the property site for the building, from the construction department of the Penney Co. in New York City.

The contract for the erection of the building, which is to be located on West Center st. on the site [illegible] cupied by former offices of Drs. Herman and A. Rhu and the lot adjoining to the west, was first awarded to the Zoher-Miller contracting firm of Sandusky. Due to some misunderstanding between the owners of the property and the Zoher-Miller company the bid was withdrawn by mutual agreement. Another bid was received from Taylor, who was notified of the acceptance of his bid this morning.

Work will start as soon as possible, the owners stated today. Hope is held that it may be started within the next 10 days. The different construction contracts will be sublet by Taylor. According to Taylor, local men will get most of the construction work.

Taylor will be remembered by local residents for the fine construction work he did on the new S. S. Kresge building on the west side of West Center st.

The land on which the building is to be located is owned by Florence Merkel, C. F. Merkel and Drs. Herman and A. Rhu. The Penney company has obtained a 10 year lease on the building.

JUDGE SUSPENDS YOUTH'S SENTENCE

Morrow County Boy To Drive Car Only Once a Week

MT. GILEAD, April 5—A suspended sentence to the Ohio State Reformatory was the decision of Probate Judge Ethel Elder in the case of Denzil Gleason, who has been stealing chickens from all parts of Morrow county.

Gleason's sentence was revoked only on condition that he comply with several restrictions imposed by Judge Elder.

In order to merit the mercy of the court he is to report to Miss Elder once each month for a year; he must not drive an auto but once each week; he must repay all those from whom he stole chickens, bring the receipts to court. In addition to these restrictions Gleason promised to attend Sunday school and church each Sunday.

THE RIGHT WAY TO BANISH FAT

Combat a cause which modern research has discovered. Turn food into fuel and energy, rather than into fat. Supply a natural element which your system lacks. That is the method embodied in Marmola prescription tablets.

People have used Marmola for 20 years—millions of boxes of it. They have told others the results. Now, in almost every circle, you can see the results in new beauty and new vim. Why not learn the way to attain them?

A book in each box of Marmola tells you the formula, also the reasons for results. You will know why the effects come and why they are beneficial. Go ask your druggist—in fairness to yourself—for a $1 box of Marmola.

PEDIGREED COCKERELS IN ALL ERLAY FLOCKS

Erlay Poultry Farms of Delaware and Columbus have a right to be proud of their fine bunch of 400 of finally pedigreed Leghorn Cockerels from R. O. P. dams with egg records ranging from 200 to 203. All Erlay Leghorn flocks will be mated to pedigreed males. Mr. A. J. Everitt, Manager, says that there is no guess work about egg production from Erlay stock as the ability for high production is scientifically bred into the birds.

The Erlay Poultry Farms are also as careful in the breeding for high egg production in their Barred Rocks, White Wyandottes and Reds in which they specialize. Place order now and receive Ten Free Chicks with each hundred ordered. All information on the breeding of these Ohio Accredited chicks can be obtained from the Erlay Poultry Farms, Delaware, or 25 West Duncan street, Columbus.—Adv.

"Jack and Gene", Famous Happy Harmony Boys, To Feature Charity Show Here

Radio Vaudeville Team Booked for Two-Day Engagement for Benefit of Kiwanis Club's Fresh Air Camp; Low Prices Fixed for Entertainment

Jack and Gene, the Happy Harmony Boys from radio station WLW, Cincinnati, are coming to the city, and according to all reports with a bigger and better show and bigger and funnier songs.

Their appearance here at the Grand Theater is being sponsored by the Marion Kiwanis club. The Harmony boys are going to be here for a two-day stay starting Monday afternoon, April 15, at 1 o'clock. The shows will start at 1 o'clock both Monday and Tuesday afternoons with continuous programs from that time until 11 o'clock at night. A moving picture [illegible] will be shown in conjunction with the appearance of the radio artists.

Low Prices Fixed

Prices for the shows are low in comparison with the admissions charged at other [illegible] where Jack and Gene have appeared. All children will be admitted to each matinee for 25 cents while for adults there will be a straight price of 50 cents.

All proceeds from the show will go into the Kiwanis charity fund which is used each summer to operate the Kiwanis fresh air camp for the undernourished children of Marion. Marion Kiwanians have been operating the camp for a number of years and it has become one of the real pleasure spots of the state to the children who are lucky enough to get in on three weeks' summer.

The act which will be presented by the Harmony Artists will consist of singing and impersonation. And in [illegible] the word of other towns where they have shown [illegible]

In practically every town in which they have appeared the crowds that have had to be turned away for lack of seating capacity have just about equaled the number admitted. There will be no reserve seats for their appearances here and the doors will be opened probably an hour before the show start.

AKRON DAMAGED BY WIND AND LIGHTNING

Property Loss To Reach $100,000, Houses Are Struck

AKRON, April 5—Damage estimated at $100,000 resulted from high winds, a torrential downpour of rain and lightning in Akron early today.

The storm which broke late last night and continued for several hours flooded downtown streets, put 1,000 telephones out of commission, unroofed several houses and marooned dozens of automobiles parked in downtown and residential streets.

Several houses were struck by lightning, and the total fire damage was high. [illegible] occupants were driven into the street at night [illegible] and found shelter in the homes of neighbors.

FEDERALS "MOP UP" THREE OFFENSIVES

Almazan's Forces Continue To Pursue Rebel Remnants in Chihuahua

MEXICO CITY, April 5—Federal troops were engaged in mopping up [illegible] today in the three widely separated sections of Mexico.

While Gen. J. Andreu Almazan's forces continued northward in Chihuahua in pursuit of the battered remnants of the rebel army which survived the battles of La Reforma and Jimenez, Saturnino Cedillo waged an offensive against the so-called Catholic insurgents in the states of Jalisco, Guanajuato, Durango, Zacatecas and Michoacan.

May Occupy City

Simultaneously Gen. Lazaro Cardenas, leading a federal army of about 12,000 men in Sinaloa, moved toward Culiacan, capital of the state, expecting to occupy the city today. He reported yesterday that Gen. Fran[illegible] Manzo's rebel forces had evacuated the city and were withdrawing towards the port of San Blas.

The campaign against the Catholic rebels or Cristeros, which has not been waged to any extent until now because of the more serious threat of the military revolt in other parts of Mexico, will now be pushed in earnest, the presidency stated.

Leads 5,000 Troops

General Cedillo is leading 5,000 well-equipped troops. His first objective is the city of Guanajuato.

Despite their defeat at La Reforma, Gen. Plutarco Calles, war secretary and commander-in-chief of all the federal armies, thinks that the rebels may yet furnish some stubborn resistance in Chihuahua.

He informed President Portes Gil that he believed that there still was fight left in the enemy and that General Almazan was taking no chances and proceeding northward with additional artillery and planes [illegible] the rebels should make an [illegible] stand at [illegible] Pass.

Subpenaes To Be Served on 181 Additional Witnesses Today

BATON ROUGE, La., April 5—Indications are that the house impeachment hearing of Gov. Huey P. Long may extend over a period of weeks was [illegible] today as representatives gathered for another day's inquiry into the sensational charges against the state's chief executive.

The clerk of the house told International News Service that subpenaes would be served on 181 additional witnesses today. The state's entire judiciary, numbering something over 50, also have been subpenaed to testify regarding one of the impeachment charges which concerns them.

In addition to this there are scores of other witnesses who will testify in connection with one or more of the 11 charges of indictment against the young governor ranging from an alleged plot to murder to a maze of official irregularities.

ARREST POSTAL CLERK FOR DAYTON THEFTS

DAYTON, April 5—The mystery surrounding [illegible] the theft of the mails in the post office here over a long period of time was believed to have been penetrated today when postal inspectors arrested Robert L. Supinger, a postal clerk here for three years.

Supinger has admitted tampering with the mail, inspectors said, and with taking $240 from letters.

Seemed a Miracle when Eczema Was Healed

Barrington, R.I.—"I wish the whole world to know what Resinol Ointment has done for me. I had given up hope of ever finding anything to cure the eczema on my ears. I was troubled with it for two years without finding anything that gave really good results—then I tried Resinol and found it worked like a miracle. After the third day my ears were better and within a week my skin was its natural color again." (Signed) Mrs. Sebastian De Stefano

Resinol Soap and Ointment are prescribed by doctors for almost all types of skin disorder—the soap to cleanse and stimulate, the ointment to heal. Resinol Soap is unexcelled for the nursery. At all druggists.

"Seven Brothers," a Story of Finland

ONE gets a [illegible] country [illegible] Alexis Kivi's [illegible] "Seven Brothers," a story of Finland. It is a story of seven brothers who are left at comparatively early ages with a decaying farm. They are ignorant and inclined toward brawling. After various tries at schooling they let the inherited farm and push further into the interior where they build a new farm in the wilderness after a long and strenuous tussle with nature.

This fight against odds is what remakes the brothers and they finally become good Finnish citizens and marry and settle down on separate little crofts.

Early in the story five of the seven brothers call in a formidable group on a certain eligible maiden and demand that she choose one of them for her husband. Naturally the the poor girl is quite at a loss and refuses the entire group collectively and singly with the help of her enraged mother. Later she marries the eldest of the group.

Details To Be Found in Labor Book

A WEALTH of practical details is to be found in J. D. Hackett's book on Labor Management, the great value of which lies in its careful description of actual methods employed by leading firms in dealing with labor problems. Mr. Hackett's discussion falls naturally into [illegible] parts, the first dealing with procedure in hiring workers and adjusting them to their jobs, and the second with the administration of wage systems and various devices for promotion of the well-being, security and cooperation of the labor force. The author has had practical experience in industries of wide range and his consultation work has brought him into contact with the technique of labor in many industries and types of plants.

Storm Scene Depicted

ON RADIO SATURDAY NIGHT

In Spectacular Opera

BY MAC D ROY

THE spectacular "Flying Dutchman" overture of Wagner [illegible] the coast-to-coast [illegible] to be broadcast in the General Electric hour over the WEAF network of the NBC system at 9 o'clock Saturday night.

The romantic opera "The Flying Dutchman" was conceived by Wagner during a storm which overtook him en route from [illegible] to [illegible]. The overture opens with the curse weighing upon the Dutchman, waves and the approaching storm with signals of distress. The Angels of Mercy is heard, the jovial Sailors Song, finally the wreck and silence. Saint-Saens, the French composer generally associated with large works of the "Samson et Delila" type, is heard in a sea song, "Barcarolle."

Grieg's "Funeral March," also played during this feature, has all the heaviness of the [illegible] the profound [illegible] Norwegians [illegible]

Behind the Scenes in Hollywood

HOLLYWOOD—[illegible] on your [illegible] in the [illegible] [illegible] you want to see. That is the [illegible] by William J Cowan [illegible] film director.

[illegible] color [illegible] [illegible] giving the [illegible] [illegible] scenes from [illegible]

[illegible] unusual in that [illegible] Tele[illegible] [illegible] in the color [illegible] [illegible] be commonplace.

Why, I can recall the days when the picture industry didn't even realize that pictures could be made [illegible] and we worked on [illegible] end of with [illegible]

What's more, stage hands won't have to [illegible] the sets where talkers are being made, the director claims, because sound deflectors are being developed which will keep from the sound [illegible] all but those sounds which are desired to register.

The director will be able to make [illegible] different [illegible] and [illegible] only the [illegible] for [illegible] No more will the sneeze of a spectator ruin [illegible]

The movie projector has something new to play with. It is the "fader."

When talking pictures are being shown the voices and music must be alternately hushed and swelled, depending upon the sequence. For example, when the hero walks toward the back of the room while he is talking, it is logical that his voice become fainter, and when he reclines upon the day bed and kisses the heroine it is still more logical that the music become discreetly soft.

Just is where the fader comes in. It is a little knob that controls the volume of sound. Just a little turn will lull a thundering crescendo into a contrite whisper. For this reason the operator must watch his fader cue sheet carefully.

Musical selections can be regulated by an artistic fader operator with the [illegible] [illegible] [illegible] [illegible] [illegible] Mary [illegible] extra [illegible] [illegible]

Three thousand five hundred dollars is the price of [illegible] all the known [illegible] which can be recorded on the [illegible] picture film. Making [illegible] and sound recording [illegible] that took two days to [illegible] recently cost Universal [illegible] $7,000.

Neal Hamilton tried 12 different ways of earning a living before [illegible] [illegible] the movies and his thirteenth was the only one in which he had much success, the [illegible] has revealed today.

Scenes of his past labors include a drug store, an [illegible] factory, a [illegible] factory, a bond company, a [illegible] [illegible] [illegible] [illegible] [illegible] for magazine [illegible] [illegible] [illegible] advertisements [illegible] newspaper [illegible] [illegible] members [illegible] [illegible]

It Means This---Sheppard No, It Means That---Walsh

Editor's Note. What are we coming to? President Hoover pleas with the nation for law enforcement but Wisconsin votes to repeal her state dry law; congress passes the harshest dry enforcement act in history but Michigan revokes its "life for a pint" law. A Canadian schooner is sunk on the high seas by prohibition cutters, a woman is slain before her son's eyes by a dry agent but the government hires hundreds of more dry agents. In the accompanying articles a noted dry leader and a prominent liberal tells us where we are going.

Dry Leader Sees Enactment of Jones law as Enforcement Step

BY SEN. MORRIS SHEPPARD
(Father of the 18th Amendment)

WASHINGTON, April 5—The most encouraging trend in public opinion today on the prohibition issue is the evidence everywhere that the American people are coming to realize that the Eighteenth amendment can be, must be and is being enforced as the law of the land.

The outstanding development within the last few months was the action of congress in overwhelmingly enacting the Jones law for stricter enforcement of prohibition. This will have a favorable effect on enforcement of prohibition.

The opponents of prohibition can find little solace in the Wisconsin and Michigan matters. In Wisconsin, the wet majority a few days ago was much less than when a wet and dry vote was had two years ago on another prohibition issue. It showed, if anything, that the wet state of Wisconsin is getting dryer each year.

Benefits in Evidence

In Michigan the fourth offender law was not revoked but merely amended. The new law eliminated 120 crimes from the felonies drawing life imprisonment for fourth offenses. The prohibition felonies were on the list eliminated but the wets hardly can find joy in this new law which imposes terms of from seven and one-half to fifteen years for fourth offenders, convicted of violation of prohibition laws.

With the benefits of prohibition so clearly in evidence on every hand, it is not surprising that the American people are calling for stricter observance of our prohibition laws. When they see the number of savings accounts growing from ten million to fifty-three million during the nine years of prohibition; the amount of savings in the banks from eleven and a half billion to almost twenty-eight and a half billion dollars; the total resources of home building agencies like building and loan associations leaping from one and three quarters of a billion dollars to more than seven billion dollars; when they see people living longer and in better health under national prohibition; with real estate values increasing, modern facilities and comforts spreading more rapidly than ever—it is little wonder that they insist upon thorough and honest enforcement.

Prohibition is here to remain. It is a moral rock of ages.

Liberal Senator Says Legislature Cannot "Create a Crime"

BY SENATOR DAVID I. WALSH
(Noted Leader of Liberal Causes)

WASHINGTON, April 5—The Wisconsin referendum and the recent action of the Michigan legislature in declaring that dealing in small quantities of liquor does not constitute a felony and thus lead to life imprisonment after the fourth offense, is an awakening to the truth that legislative bodies can never successfully create a crime that will be long sustained by public opinion. Crimes are moral wrongs and well recognized and known through the ages. The drinking of wines and liquors has never been a moral wrong and there is no basis for the assumption that it is, such as is declared by the Eighteenth amendment and the Volstead act.

There is growing evidence that the people of the United States are awakening to this truth. The awakening is certain to increase in volume. It is folly to believe that an intelligent and conservative people, inheritors of freedom brought about by the denial of personal liberty, will long entertain the conviction that drinking intoxicating liquors should be classified with murder, rape and theft.

Strict enforcement or attempts at such, illustrated by the Aurora, Ill., murder of a woman and the "I'm Alone" incident, is serving better than any other means to show the absurdity of the extremes to which we have gone in our prohibition legislation.

Evidence is fast accumulating that gives assurance that we will soon realize that we have gone to extremes and that our course is in the direction of strict regulation of traffic in intoxicating liquor rather than absolute prohibition.

"KONJOLA WORKED WONDERS FOR ME," SAYS TOLEDO MAN

Stomach Trouble and Nervousness Yield to Advanced Medicine; Catarrh, Too, Is Relieved

MR. JACOB ROSENBERGER

"Konjola worked wonders for me after I had abandoned hope of ever being well again," said Mr. Jacob Rosenberger, 2114 Elm Street, Toledo.

"For a long time I had been the helpless victim of a disordered stomach. My appetite left me and sometimes the sight of food nauseated me. I suffered almost immediately after eating the lightest of foods from gas bloating. My liver became lazy and sluggish. My system was filled with bile. Nasal catarrh added considerable trouble.

"It was a desperate case that I asked Konjola to work on. But Konjola did not fail. Konjola went right to work. It cleansed and strengthened my system. My stomach resumed its natural functioning. My appetite increased. My digestion was restored. The catarrhal condition has been almost completely dried up. I know that what Konjola has done for me it will do for others, and I praise it to everyone."

Konjola is different than any other known remedy in this section. It contains twenty-two juices extracted from natural plants which invigorate the stomach, liver, kidneys and bowels to a more healthy action. The effect of this Konjola on the entire system brings amazing relief in cases that has been going on for years. At the same time many weak and rundown systems have been restored to a new state of health through this compound. Such a vast number of men and women in this city have told of their experience with this new medical product, until now, Konjola is the most highly indorsed medicine that is known in this section.

Konjola is sold in Marion at Stump & Sams Pharmacy and by all the best druggists throughout this section.—Adv.

MOTION PICTURES FEATURE MEETING

Illustrated Talk Given In Weekly Program of Meridian Club

Three reels of motion pictures were enjoyed by the 21 members of the Meridian club who were present at the weekly meeting of the club held yesterday noon at the Y. M. C. A. dining room.

One reel showing how rubber is obtained and the different means of getting it to market was shown by J. W. Hunter, representative in this territory of the Goodyear Tire & Rubber Co. Milton Beresford, recruiting agent here for the U. S. Navy, showed two reels depicting life in China today and how the U. S. navy has taken a part in the recent trouble in China. The title of the picture was "[illegible] Across the Bay." These two reels showed life in China as it really is both among the poor coolies and the wealthier class.

Instead of the regular meeting next Thursday noon the Meridian club will have a combined meeting with the Marion Kiwanis club, which also meets every Thursday noon.

ALL-DAY MEETING

Twenty members were present when the Lee St. Ladies Aid society held an all-day meeting and covered dish dinner at the church yesterday. One new member was enrolled. Guests were Mrs. J. Phillips, Mrs. George Eyre, and Mrs. Scott Wooley. The circle will meet again in two weeks at the church.

Potash deposits have been discovered in Russia that are said to be as large as those now being operated in Germany.

Mrs. Martha J. Connell was presented with a pin for her services at a meeting of the Harriet [illegible] Stone tent, No. 38, Daughters of Veterans, last night at the I. O. O. F. hall. Plans for two flag presentation exercises were made, one to Pauline Lines's pupils at the Oakland Heights school, today, and the other to the Sunday school of the Pilgrim Holiness church Sunday. Announcement was made there would be a bake sale held in the Schneider hardware store April 13.

A machine has been invented to test the merits of [illegible] in six essential points.

Galion Musicians Sponsor Music Week Observance

GALION, April 5—Music week will be appropriately observed in Galion, during the second week of May with varied programs by school groups and local talent from other organizations. R. R. Ehrhart and Miss Bessie Todd of the school Fine Arts department are heading activities and planning the events. Several special chapel programs in the interest of Music week will be given in the high school and the junior high with the orchestra and band playing an important part.

An operetta is one of the novel events planned for public benefit and will be given by the high school chorus under the direction of Mr. Ehrhart.

To Name Cast

The cast has not yet been announced but the choruses of the operetta are in rehearsal and indications are that the affair will be picturesque and interesting.

Miss Todd is arranging an evening of organ music for May 5, and has asked church organists of the city to contribute numbers of varied style for the unusual recital which will be given on the Reese organ in Galion high school auditorium.

LAW ENFORCEMENT TAKES 25 LIVES

Prohibition Record of Last 15 Months Cited by Assistant Secretary Lowman

WASHINGTON, April 5—Enforcement of federal prohibition cost 25 lives during the last 15 months.

Assistant Secretary of the Treasury Seymour Lowman today submitted an official report of the killings to the Secretary, Ogden L. Mills. Twenty-three persons were killed incident to raids in 1928 while the other two lives were taken during the first three months of this year.

Comparative figures for 1927 were not given in the report but Lowman declared the reduction in fatalities was great. He attributed the decrease in the number of slayings incident to enforcement of the dry law throughout the country to the treasury department's rule against promiscuous flourishing, display and use of firearms by prohibition agents.

WIFE, 71, WINS DECREE

ELYRIA, April 5—Mrs. Elizabeth Volk, 71, this city, was granted a divorce from Fred Volk, 69, by Judge W. B. Thompson in common pleas court here.

The suit, which was uncontested, charged extreme cruelty.

The two were married in 1907, Mrs. Volk's first husband having died several years previously.

Volk was twice divorced before, according to the petition brought by Mrs. Volk.

BASEBALL TOURNEY MEETING SUNDAY

AMERICAN GOLFERS TO GET HIGH HAT IN BRITISH MEET

Muirfield Divides World into Two Classes, Professionals Gentlemen

BY DAVIS J. WALSH

NEW YORK, April 5—With less than a week they will be sending a [illegible] of American professionals [illegible] the [illegible] open at [illegible] this year at Muirfield the [illegible] fedora or high hat will be on for [illegible] and if they can have their way Hagen will be eating with the [illegible] help. There is no place like Muirfield for giving an American a [illegible] of the [illegible] distemper.

It is a place that divides the human race into only two classes. One is a professional and the other a gentleman. And in case you are an American [illegible] of either classification all the [illegible] for you.

It was at Muirfield that Eddie Van Vleck of the Park avenue Van Vlecks was given the back of someone's neck when he attempted to play as an amateur in one of the British championships. Edward didn't bring a letter from his cotillion leader or something. Anyhow they wouldn't let him in the place in spite of the fact that he was vouched for by a then prominent British amateur. It must have been like the Morris plan and required three indorsements so that when you stole the piano there would be a man at each leg to help you carry it back.

Admired by U. S.

The funny thing about it all is that official American golf admires this typically British attitude most intensely and even goes so far as to ape it in some respects.

There isn't any class consciousness in everyday golf here for Joe Dookes the prominent caddie master who has worked hard and become club professional is pandered to as though he was a man among men. But officially we are as close to British standards as we can contrive to get. Hagen is only Hagen on the score board when he plays in our open championship and thereby is made to look like a chump because every amateur in the field rates the prefix "Mr." for some absurd reason.

There are certain clubs happily few in number who affect this British bill and therefore are correspondingly high in favor. Baltusrol is one of these and in order to preserve the illusion in its original state it hired as its club manager an Englishman who even looked down a disdainful nose at the club president. When they conducted the amateur championship in 1926 Baltusrol divided the news agents into classes which [illegible] as [illegible] [illegible] for any [illegible].

Only Gentlemen Allowed

Those who were [illegible] credentials and were presumed to be gentlemen [illegible] as [illegible] who were not on the list were [illegible] on a very large scale.

[illegible] of American golf [illegible] Bill Mel[illegible] [illegible] select [illegible] matter with [illegible] ners.

He doesn't gargle his soup or spear more than one pea at a time [illegible] the time of his fork and it has been denied both here and abroad that there was the slightest personal objection to him from a [illegible] standpoint. [illegible] knows that the P. G. A. committee feared that the British might not approve of William.

Dislike Hagan

For you see the British approve of so little. Our professionals with their self sufficiency and their [illegible] colored raiment are regarded as pure swank around the average British course. Hagen the [illegible] strutting Hagen a sartorial triumph and a very blank [illegible] affronts them [illegible] and [illegible] mently. They want him and all professionals [illegible] grateful [illegible] their tolerance. He flaunts his superiority in their faces and in his absurdly precocious way he even argues his right to enter the club house—of all places.

They has what they might be pleased to consider their servants better trained. James Braid and Harry Vardon are the immortals of all British golf. Yet they enter the grounds with the rest of the help and the club house never at all.

This preposterous condition is universal throughout Britain. But if you wish to see it become really feudal in its operation you have to go to Muirfield.

AMERICAN TENNIS STARS WILL PLAY IN HOLLAND

NEW YORK, April 5—Holland has been added to the itinerary of Helen Wills and Edith Cross the two California girls who are going across to Europe within another [illegible] for an extended tennis campaign. Word was received here today from the Dutch Lawn Tennis federation that the American girls had accepted the invitation to play an official [illegible] match against the Dutch on May 11 and 1[illegible].

ATHLETIC DIRECTORS OF LEGION POSTS TO FORM ORGANIZATION

Plans Will Be Laid for Holding Junior Games This Year

WALTER E. HANE [illegible] of [illegible] the American Legion Junior baseball [illegible] after [illegible] Legion dragon here [illegible] directors of all the posts [illegible].

The [illegible] of the meeting is to form [illegible] the baseball tournaments that will be sponsored by the legion in [illegible] baseball [illegible] determine the [illegible] baseball [illegible].

Mr. Hane is urging every post in [illegible] to be eligible to [illegible] in the district finals. Last year only three [illegible] sponsored teams in [illegible] Carey Galion and Marion. Galion backed eight teams, Marion [illegible] and Carey four. After [illegible] had been played the Galion [illegible] won the play off between the [illegible] winning teams from the [illegible].

[illegible] No. 4 includes the counties of Wyandot, Crawford, Marion, Morrow, Delaware and Union. Posts out of these counties which are requested to be present at the meeting [illegible] Carey, Upper Sandusky, [illegible] Galion, Marion, LaRue [illegible] Mt. Gilead, Cardington, Delaware, Ostrander, Marysville and Richwood.

[illegible] situation is very bright [illegible] year. Already several teams are working out in this city while backers from Richwood posts are becoming most enthusiastic and claiming all the championships in the county.

The plan used last year will again serve for the coming season. The first elimination will be the county with all the teams entered from one county playing a regular schedule through the season until one team [illegible] declared champion. Then the county champs will get together and play the sub-district finals. The winner of the sub-district finals will then play in the district finals and then the district winners will go to Columbus to play for the state championship.

Mr. Hane requests that any boy who will not reach his seventeenth birthday before Sept. 1 this year and who is not affiliated with any team in the city but desires to do so to get in touch with him at once.

COLLINS IS NEARING END OF BALL TRAIL

[illegible] as One of Greatest Second Basemen of Game Eddie Starts Twenty-Third Year, Will Not Be Regular with A's This Season

FT. MYERS, Fla., April 5—I'm [illegible] end of the baseball trail [illegible] active playing is concerned [illegible] not feel badly about it. I've [illegible] every moment of my big [illegible].

[illegible] Collins of the Philadelphia [illegible] one of the greatest second [illegible] the game has seen, made this [illegible] today as he sat on the [illegible] the local ball park and [illegible] experiences on the diamond [illegible] decade. Collins is now [illegible] Connie Mack in managing [illegible]. He still is on the active [illegible] but he will not be a [illegible] this season.

[illegible] to break into the lineup [illegible] occasionally," said Collins [illegible] I am gradually ca[illegible]. I was hurt in Chicago in [illegible] was the beginning of the [illegible].

Twenty Third Year

[illegible] my twenty third year in [illegible]. I am the oldest active player [illegible] American league now that [illegible] has retired. Over a stretch [illegible] years I played in 100 games or [illegible] season. The first time I fell [illegible] 100 games was in 1926 when I [illegible] I played in 96 that year. [illegible] season I dropped down to 30 odd [illegible] and this year I may go below [illegible]. My chief value to the team will [illegible] in advisory capacity and as a [illegible] hitter. I can hit but my legs [illegible] as good as they used to be. I [illegible] get around pretty well at [illegible] as I do not take on much [illegible].

[illegible] declared that he looks back [illegible] career with pleasure. He said [illegible] played in six world series, four with [illegible] Philadelphia Athletics and two [illegible] the Chicago White Sox, a club [illegible] a few years back.

What was the best team you have played with, Collins was asked.

The 1919 Chicago team was [illegible] rely the greatest team I was ever a member of," he replied. [illegible] the team, you know, that went wrong—the team that was made up of players who threw the world series of 1919 to the Cincinnati Reds. [illegible] was a wonderful team for [illegible] and winning ball games.

The Old Athletics

The 1913 and 1914 Philadelphia Athletics was the best [illegible] all around club that I ever [illegible] with. We had the well known [illegible] of McInnis, Collins, Barry and Baker and great pitchers in Bender, Plank and Coombs. And Joe Bush was just becoming a masterly pitcher. This club was one for all and all for one.

I look back with more pleasure to the days I spent with the A's than with the White Sox. [illegible] A's were a more harmonious team than the 1919 White Sox.

I had 12 years in Chicago. I certainly was treated splendidly by the public of Chicago and by the press. In the two years I managed the White Sox I was given the best of cooperation from the players. But still my heart always was with the A's. Connie Mack had been my first manager and he always treated me wonderfully. I could not help but have a warm spot in my heart for him."

No Future Plans

Collins said he never hears from members of the so-called Black Sox—the branded eight that were ousted from the game for sloughing the world series in 1919. Collins was loath to discuss them, saying he felt sorry for the plight of a few of them, notably Buck Weaver, the third baseman, and Joe Jackson, the heavy hitting outfielder.

"Weaver was the greatest third baseman I have ever seen with the exception of Jimmy Collins, the old third sacker of the A's," said Collins. "I never saw a player who got as much enjoyment out of playing the game as Buck did. It must have broken Weaver's heart to have been ruled off the diamond."

Collins remarked that the ill-fated Black Sox had one player who would have developed into a truly great pitcher. That was Lefty Williams, whom Collins regarded as a much smarter pitcher than the better known Eddie Cicotte, who was also involved in the crooked series.

Is there any truth in the report that you are to take over the management of the A's, Collins was asked.

"I don't know a thing about it," he replied. "I'm simply giving Connie Mack my best services and letting the future take care of itself."

CUBS BLANK HOUSTON

HOUSTON, Tex., April 5—The Cubs were out today to make it two in a row over the Houston Buffs, champions of the Texas league. The Bruins opened the series yesterday with a 10 to 0 win. Hack Wilson featured with four hits, one a home run. Blake yielded only four hits in seven innings. Bush was untouched in the last two frames.

SHORTSTOPS GIVE MAGNATES GRAY HAIRS

All anybody seems to hear around the training camps this year are tales of woe, few of joy, regarding the hard luck with shortstops. That much needed cog which plays between second and third on every baseball nine. Bill Cissell, left, the $123,000 beaut of the White Sox, seems to be losing his grip and a sub is being groomed for his berth. Branch Rickey gets a headache every time he looks at Thevenow, upper center, in a Phillie uniform, where the former St. Louis star is performing in great style. Miller Huggins just hugs himself with joy that he has Leo Durocher, lower center, since his Pacific Coast buy, Lyn Lary, hasn't measured up to big league stuff. Then down in the Quaker City Connie Mack is having heart failure because his best bet, Jim Boley, right, is showing signs of a bum arm. Maybe it's all camp gossip, but the squawks sound real and the happy ones are telling the world.

LOCAL GOLF COURSE WILL OPEN SUNDAY

Marion Country Club Links in Condition for Opening Day

Unless heavy rains interfere, the Marion Country club will open its golf course to members Sunday, according to an announcement made today by Charles Isaly, chairman of the greens committee.

The greens are reported to be in shape for the opening day when many local golfers will tee off for the first time this year on an outdoor course.

Bill Foster, last year's pro, will be back again this season. Arrangements for tournaments and match games this year have not been completed but will probably be announced in the near future.

WORK HARD

Indians Prepare for Contest with Brooklyn Saturday

NEW ORLEANS, April 5.—The Cleveland Indians were to go through a stiff workout today in preparation for the exhibition game with Brooklyn tomorrow. Manager Roger Peckinpaugh directed batting practice and put the infield through a snappy drill yesterday, topping the day off with a lecture in which he pointed out errors and bad plays which the Indians and New York Giants committed in their two game series this week which the two teams split.

OTTO KAHN SUED AS RESULT OF LETTER

Young Opera Singer Charges Millionaire Patron with Libel

NEW YORK, April 5—Otto H. Kahn, millionaire patron of the opera, has been named defendant in a $250,000 libel suit instituted by Rosalinda Morini, young soprano, it was learned here today.

While lawyers representing both the singer and the financier were secretive about the suit it was understood that a letter alleged to have been written by Kahn which was published in the Musical Courier, professional journal, formed the background for the action.

The letter, as published over Kahn's name in the Courier on Feb. 7, 1928 read as follows:

"My attention has been called to an advertisement of Rosalinda Morini on page 11, Jan. 31, 1928, which says, "One of the most beautiful voices I have ever heard.—Otto H. Kahn, Metropolitan Grand Opera Company."

"I wish to say that the statement attributed to me that Miss Morini had one of the most beautiful voices I ever had heard was never made by me. In fact, to the best of my recollection, I made no comment on Miss Morini's vocal qualification on the one and only occasion I heard her sing.

"I certainly never authorized her or anyone else to quote me as having expressed an opinion concerning her."

Kahn sailed for France last Friday night. A deputy sheriff is reported to have been at the pier with bail bonds to arrange for the financier's immediate release if a civil order for his arrest was issued. No attempt was made to arrest him and he sailed without interference.

At his office here today it was said that the opera patron was on a tour of Europe seeking new talent for the Metropolitan opera company.

ALL MARION BAKERIES BAKE GOOD BREAD

When you buy a loaf of Marion bread at your grocer's, the baker stands squarely behind its quality. Do you know their trade names? Remember them, when you ask for bread—

"SUNBEAM"—baked by the Ackerman Bakery.

"GOLDEN CRUST"—baked by Chas. Bausinger Bakery.

"HOLSUM," "SUNBURST," "BABER'S TWIN" baked by the City Bakery.

"HONEY KRUST"—baked by the Home Bakery.

"BAMBY"—baked by Roecker's Quality Bakery.

"PEADON'S"—baked by Peadon's Bakery.

"LONG BOY," "PETE'S SPECIAL" and "DADDY BREAD"—baked by the Union Baking Company.

The bakers support 300 people and they live in Marion and not on it.

Return 10 Binco Labels

Take them from any one of the 67 Binco Food Products and $1.69 additional in cash and get a great educational airplane set. Boys—get Busy—Have your family ask for Binco Food Products at the grocery store. If you live outside of Marion, mail the 10 labels and $1.69 and the Airplane Factory will be delivered parcel post prepaid. Bring your labels to

ROSALIE is all ready for the club dance and hopes all the girls will be green with envy And if they are it maybe partly due to the reflection of her green costume And since it is more effective to contrast than to match accessories these days Rosalie will carry a red evening purse and chiffon kerchief to match her red jewelry Of course they are exactly the right shades of red and green to wear together or Rosalie would look like an assemblage of left over Christmas decorations

HARD WATER PLUS MELO MAKES SOFT WATER

Reg. U. S. Pat. Off

This is a *hard-water* country

SOAP and hard water make scum The hardness in the water combines with the soap The scum collects dirt There is a dirty ring around the dishpan the washtubs the bathtub But soften hard water with Melo and no scum forms

Water softened with Melo is a wonderful cleaner with or without soap It makes the soap much more effective too saving from ⅓ to ½ the amount ordinarily used Melo only costs 10 cents a can You can afford to buy 3 cans and keep one in the kitchen one in the laundry and one in the bath room Get it at your grocer's

Where does that delicious flavor come from?

What makes some baked foods taste so much better than others? Ask the wise old cook—she'll tell you this finer flavor comes from Pillsbury's Best Flour, because Pillsbury's Best is made only from certain kinds of carefully selected, full flavored wheat.

Ask the food editors of women's magazines!—women who have studied baking all their lives They'll tell you to choose your flour carefully—that flour has a lot to do with the flavor of the foods you bake Try it yourself—use Pillsbury's Best the next time you bake—you'll notice a delicate, unmistakably richer flavor in all your foods!

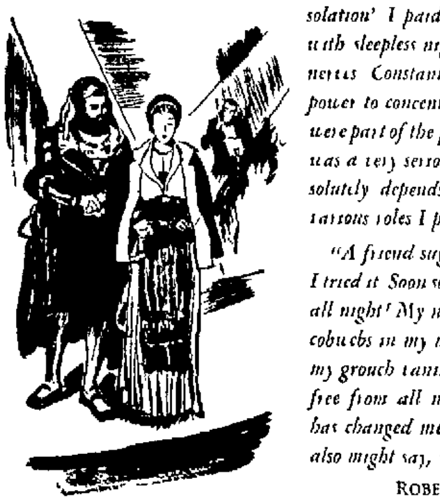
The **actor** *who couldn't* remember his lines



"My profession, that of acting, is a calling that quite readily tends to make one extremely nervous Caffein for years had been my 'consolation' I paid dearly for this consolation with sleepless nights, indigestion and jumpy nerves Constant worry, ill temper, lack of power to concentrate and a failing memory were part of the penalty This failing memory was a very serious matter, since my work absolutely depends upon my memorizing the various roles I play

"A friend suggested Postum for a month. I tried it Soon something happened I slept all night! My nerves became more quiet, the cobwebs in my memory began to clear away, my grouch vanished Today I am absolutely free from all my nervous troubles Postum has changed me physically, mentally and I also might say, spiritually "

ROBERT WARREN STRAUSS
629 Boynton Terrace, Chattanooga, Tenn

POSTUM'S wonderful flavor and wholesome after effects have made it the favorite mealtime drink in more than 2,000,000 American homes It is made of roasted whole wheat and bran—no trace of any artificial stimulant in it Nothing to irritate the nerves, to disturb sleep, or affect digestion And Postum is so *good*!—with a rich distinctive flavor that millions prefer

Postum costs much less than other mealtime drinks—only one half cent a cup Order from your grocer today—try it for thirty days, in place of caffein beverages! Then, on the basis of results, decide if you will ever go back to caffein!

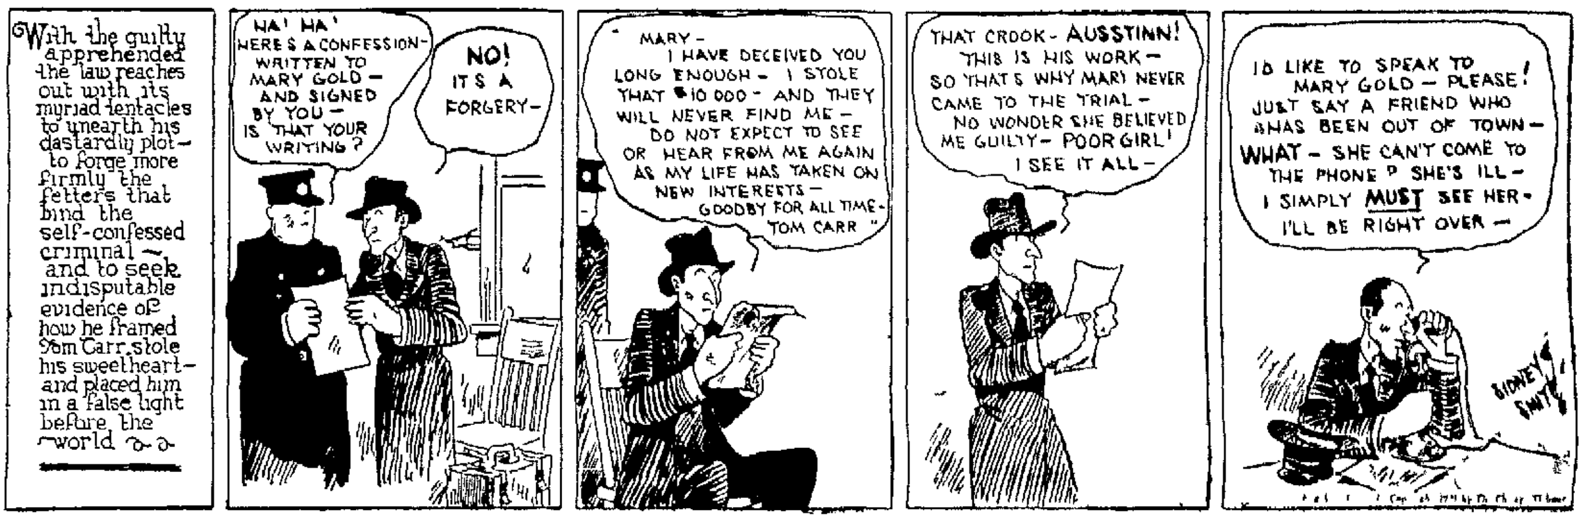
MARY—WANTED ON THE PHONE

BY SIDNEY SMITH



With the guilty apprehended the law reaches out with its myriad tentacles to unearth his dastardly plot— to forge more firmly the fetters that bind the self-confessed criminal— and to seek indisputable evidence of how he framed Tom Carr, stole his sweetheart— and placed him in a false light before the world
HA! HA! HERE'S A CONFESSION— WRITTEN TO MARY GOLD— AND SIGNED BY YOU— IS THAT YOUR WRITING?
NO! IT'S A FORGERY—
"MARY— I HAVE DECEIVED YOU LONG ENOUGH— I STOLE THAT $10,000— AND THEY WILL NEVER FIND ME— DO NOT EXPECT TO SEE OR HEAR FROM ME AGAIN AS MY LIFE HAS TAKEN ON NEW INTERESTS— GOODBY FOR ALL TIME— TOM CARR"
THAT CROOK— AUSSTINN! THIS IS HIS WORK— SO THAT'S WHY MARY NEVER CAME TO THE TRIAL— NO WONDER SHE BELIEVED ME GUILTY— POOR GIRL! I SEE IT ALL—
I'D LIKE TO SPEAK TO MARY GOLD — PLEASE! JUST SAY A FRIEND WHO HAS BEEN OUT OF TOWN— WHAT — SHE CAN'T COME TO THE PHONE? SHE'S ILL— I SIMPLY MUST SEE HER— I'LL BE RIGHT OVER —

Today in Marion Markets

Groceries, Produce, Meats, Grain, Livestock

Tokay grapes are almost completely missing on Marion markets now. Grapes from less distant producing points will replace them in a few weeks.

Some gardens now [illegible] a few tender sprouts of home vegetables. In the course of a few weeks the first local produce will appear and soon after imported vegetables and fruits will find keen competition from local grower.

Head lettuce made a gain of a few cents today, going from three heads for 25 cents to [illegible] cents a head. Leaf lettuce shows a corresponding gain, now standing at [illegible] cents instead of the former two heads for 25 cents.

Meat prices were steady today although still higher than normal. [illegible] few changes in wholesale were reported.

TODAY'S REVIEW OF YESTERDAY'S GRAIN

CHICAGO April 5—Wheat rallied sharply in the late trading yesterday after selling at new low prices on the present movement in the early trade. New buying and short covering brought a complete recovery of the losses made at the outset closing prices being [illegible]c higher to [illegible] lower

Corn broke early in sympathy with wheat but with a continued lack of interest showed less rallying power closing [illegible] lower. Oats were independently firm finishing with net gains [illegible] while rye failed to respond to the late upturn in wheat and losed 1[illegible]@1[illegible] down. Winnipeg wheat futures closed [illegible]c down to [illegible]c higher

Wheat Meets Support

A brief rally followed a sharply lower opening in wheat but selling turned the market weak and just before midsession prices dropped to new low levels. Along with the general bearish sentiment of the past few [days] there has been a feeling that heavy stop loss liquidation would be uncovered when the May broke thru $1 18

While there was some Wednesday it was not of sufficient volume to offset short covering. The figures on open interest showed but little change for the May option in Wednesday's trade while the deferred deliveries outstanding increased over 500 000 bu. Yesterday's break to $1 10[illegible] instead of uncovering heavy stop loss liquidation brought out a [illegible] of buying support and the recovery was fairly rapid

News Is Scarce

There was again a marked scarcity of news of any consequence. Liverpool was about as due closing [illegible] [illegible]d down. Snow flurries were reported in parts of Canadian Northwest and crop reports continued favorable. The only development of the day with any direct bearing on the market was a slightly better export demand with sales of 600 000 to 700 000 bu of Manitobas.

Some local buying and short covering in corn caused a partial recovery from the early lows but the market continued to suffer from lack of interest. Trade was not of large proportions and outside interest was reported as still very light. Shipping demand in the spot market again increased and sales of 114,000 bu were made. Country offerings light, with weather forecast unfavorable

In the cash market wheat was 1@2c lower corn 1@2½c off oats steady to ½c down, rye dull, and barley steady

Cars inspected Wheat, 42, corn, 124 oats 21, rye, 7, and barley 30.

The reserve bank heads [illegible] [illegible] [illegible] and released the money [illegible] [illegible] prepared for the April [illegible] [illegible] [illegible] [illegible] that the board will insist [illegible] larger [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] of the [illegible] of speculative [illegible] [illegible] it would take [illegible] [illegible] them out. This [illegible] a hint of higher call [illegible] [illegible] [illegible] [illegible] [illegible]

This leaves the situation where it was a week ago, [illegible] [illegible] market [illegible] [illegible] [illegible] as the professionals [illegible] for [illegible] [illegible] [illegible] of the [illegible] board [illegible] was [illegible] [illegible] good [illegible] at 101 to 103 [illegible] [illegible] at [illegible] [illegible] U S Steel at 18[illegible] [illegible] fractionally [illegible] [illegible] at 105½ [illegible] American [illegible] [illegible] at [illegible] Bethlehem Steel at 111 [illegible] The rails were [illegible] and New Haven [illegible]

Calf [illegible] is not to be ridiculed. It is about as real as any of [illegible] other notions
